Good Sportsmanship is Worth More Than all the Fish in the Ocean SEPTEMBER 2016

LARRC DINNER MEETING SPEAKER

ROBERT MEYER from AVET REELS

This month's dinner speaker is Robert Meyer from Avet Reels.

Robert has been fishing the Channel Islands for over 12 years and his favorite to fish for is California yellowtail. His technique of choice is yoyo and surface iron fishing. Robert

has been working at Avet Reels for over

2 years and can be seen working on the reels at the front desk, answering calls and filling orders. He will be going over all the models of reels they offer and which reel is best for different fishing conditions.

Avet Reels have been setting new standards in reel design and performance since their inception nearly a decade ago. They have set benchmarks with innovations such as the 2-speed lever drag casting reels, patented M.C. Cast adjustable magnetic anti-backlash cast control system and the new Raptor series that produce nearly twice the drag output of their original reels. All Avet Reels feature components precision machined in the USA from solid marine grade aluminum and solid stainless steel stock. The company is local in Chatsworth and very open to walk & drop-off repairs.

Come and meet Robert and learn about Avet Reels. The meeting is September 26, 2016 at the 94th Aero Squadron, 16320 Raymer Street, Van Nuys. Social hour starts at 6:00 pm and dinner is at 7:00pm.

Please RSVP — ASAP!

Email your RSVP to LARRCDinnerRSVP@Yahoo.com
or magodfrey2@yahoo.com

Please state your name, and if you are bringing a guest, state your guest's name.

PRESIDENT'S CORNER

By Donald Goldsobel

August has been an event filled month. So many Club and private charters, Mentors and Disabled Veterans' trips, and the Club Picnic. We note the passing of long term member Ben Sussman. A fitting tribute will appear in the October Chum Line.

In last month's hastily drafted President's Message I failed to properly thank many of the hard workers who made the Kid's Trip a huge success. It is only through the efforts of Club member and non-club volunteers that the Kids Trip becomes the great event that it is. It starts with getting the Kids. Linda Simon has been doing this for long time. Each year she finds the groups, creates the contact and makes certain the guests arrive on time and are prepared. An extra thank you to Linda and her assistant Steve. For their stellar efforts big thanks to Norm Weinstock, John Vowels, Paul Varenchick, John Goss, Gary Perry, and Mark Manculich.

This year the picnic was organized by Rob Baldwin and his soon to be successor, Ted Feit. They did a great job with the assistance of many early arrivals. Tom Speirs, Steve Simon, Mark and

Shari Manculich and our able caterer Paul Varenchick...thank you. And to Jon and Mary Smith, who enabled our use of the Lake Sherwood facilities, thank you.

For the second consecutive year Ted Feit put together the LARRC Family Fishing Trip. I was not able to be there, but all reports were that it was a quality trip. Our gratitude to Ted and all of the guest that made the trip a hit.

The August Dinner/General meeting was held at the home of Cathy and Steve Needleman who were most gracious hosts. We all thank you for your heartfelt generosity. If anyone who attended would like to show their appreciation, they may make a donation to the Foundation.

We are looking forward to planning the 2017 Banquet. It will be on February 26 at the Braemar Country Club. There will be the same great buffet brunch. You can contribute to the success of this event by making donations of merchandise that the Foundation can sell or auction at the banquet. SAVE THE DATE! Contact Chas Schoemaker, Foundation Chairperson.

Scott Schiffman recently underwent surgery and is recovering at home. Scott, heal rapidly and get back here...we need you. As I draft this column, Wayne Caywood is undergoing a serious surgical procedure and we send him our wishes for a speedy recovery.

We continue to need volunteers for our events, articles and photos for the Chum Line and recipes for the Cook's Corner.

Club members encounter the "Three B's" at 14th Annual Family Picnic

By Rob Baldwin, Family Picnic Chairman

Every summer, club members have come to expect a strong showing of the "Three B's" (Bass, Bonito, and Barracuda) in our local ocean waters. But it was a different "Three B's" that attendees encountered at the 14th Annual Family Picnic, held August 14th at Lake Sherwood.

"Balminess" was perhaps the most omnipresent of the three B's, with peak temperatures exceeding 100 degrees.

But this was very closely followed by "BBQ", once again masterfully provided by Paul Varenchik and his crewmember Steve Simon. This year, over 80 attendees were treated to ribs, tri-tip, hot dogs, burgers, corn, and side dishes. Fresh fruit and cake rounded out the picnic goodies for all to enjoy.

But the real stars of the show were the "Bass". Club spinning tackle was on hand for those who needed it. With the heat, fishing was a little slower than usual. But for those who plied the shadowy waters between the docks and boats, some chunky largemouth were to be found.

Wacky-rigged plastic worms, flukes, and jerk baits were all working well. Several large-mouth exceeding four pounds were caught.

Event chairmen Rob Baldwin and Ted Feit wish to thank all those who helped make this picnic a success: Our hosts - Mary and Jon Smith. Catering: Paul Varenchik and Steve Simon. Tackle: Tom Speirs. Setup/takedown crew: Shari and Mark Manculich. Purveyor of Liability Insurance and EZ-Ups: Allen Brodetsky. Thanks to all who attended for keeping the tradition going!

A Message from ...

The Foundation President

By Chas Schoemaker

Labor Day is considered the traditional end of summer by many. For others, it is the beginning of a new season, football for some, fundraising for others.

Yes, it is never too early to think about the February banquet. Good friends, good food, and good bargains for the auctions.

The foundation would like to invite all to participate in its fundraising activities. Do you have anything you can donate for the banquet auction? Do you have excess mileage points that you would like to convert to a weekend getaway, to be an auction event? Are you a regular at a restaurant that has a gift certificate program? Is there something of value that just doesn't quite fit your current lifestyle but might be good for the silent auction?

Hope everyone had a chance to get out fishing this summer. Send your fish tales to the Chumline and your donations to the Foundation. And once again, Thank You to all who volunteered at this year's kids fishing events.

New Direction Kids Enjoy The Frank Polak Memorial Mentors Trip

By Phil Bell

The boys and girls in the New Directions program had a great time on the Frank Polak Memorial Mentors Trip on 8/15/16. LARRC had 8 volunteers and for 12 kids on the Betty O. A nice variety of fish was caught by the kids with some timely help from the mentors. Mike Godfrey gave the kids a tutorial on fishing with spinning reels at the beginning of the trip. After a successful day of fishing, Paul Varenchik thanked everyone for his or her participation at the end of the trip. Steve Simon did an outstanding job coordinating the trip. Other LARRC volunteers included Donald Goldsobel, Phil Bell, Steve Simon, Michael Godfrey, John Ballotti, and Robert Siegel.

SAVE THE DATE

The 2017 King of the Club Tournament will be held **July 17, 18, 19, 2017** on the Island Tak in Oxnard. For the tournament in 2017 the format will change to 8 three-person teams. In a twist, the teams will be blind drawn after the tournament with one person being drawn from each day to make up the teams. Each day the individual angler's points will be combined with the anglers drawn on the other two days. Sign up, fish with your friends and enjoy a fun event.

ENVIRONMENTAL NEWS

Submitted by Eric Rogger

FRESHWATER

This column usually focuses on Salt Water activities but some of the LARRC fishermen also love their freshwater sports. In case you had not seen this report, it was published in the LATimes early this month, it concerns mercury polluted fish which has been found in a wide range of California's reservoirs and lakes.

The State Water Resources Boards suggested that warnings be posted about consumption of bass which in particular pose risks for pregnant women and children. It has been suggested that rainbow trout and crappie populations be increased. Although bass are usually released serious warnings may be a couple of years away although contamination levels have been on the increase.

Affected areas have been at Lake Sherwood, Bass Lake, Crowley Lake, Lake Arrowhead etc. Coal fired power plants are the main source of mercury in the air and it travels great distances contaminating oceans, lakes and rivers.

Saltwater fishermen don't feel left out! Mercury levels in Pacific Ocean caught swordfish and yellowfin tuna have been increasing at a 3.8% rate since 1998. Studies at the Universities of Hawaii and Michigan have traced this to coal burning plants in Asia.

PFMC CHANGES COURSE

Last month's dinner meeting featured Theresa LaBriola, West Coast Fisheries Director for Wild Oceans. Theresa has just submitted an update regarding one of a number of "improvements" taking place re: our fisheries. Despite overwhelming support on the part of the fishing public, the Pacific Fishery Management Council has now reversed approval of the DSBG. Deep set buoy gear has been studied a long time as an improved method to reduce bycatch such as found in the traditional nets used by the commercial fishing industry. Phasing in this new type of gear would have eliminated much of the bycatch and wasteful killing of non-targeted species. It was assumed that this decision would be enforced. The CDFW (California Department of Fish and Wildlife) had been supportive at the March meeting.

California made the motion to delay implementation suggesting more information was needed. Wild Oceans has joined CCA of California and the IGFA in joint letter to the Director of California Fish and Wildlife requesting a meeting to discuss this change of heart. Stay tuned!

Epic Bluefin Bite on the Rooster 5 Days in U.S. Waters

By Phil Bell and Larry Brown

This was an amazing fishing trip to remember in so many ways. On Sunday, Aug. 21st, 31 anglers left the dock from San Diego on the Red Rooster 3 for a 5-day fishing adventure. LARRC members included Charter Master Larry Brown, Club President Donald Goldsobel, Mike Hartt, and Phil Bell.

Larry had a load of giveaways from his 27 plus sponsors. The first raffle was a free giveaway, where we could choose any item on the galley tables, and everybody receive 5 nice raffle items. The second raffle was \$10 per ticket and raised money for veteran and kid's fishing trips. I got very, very, lucky and won a Phenix rod, and Costa sunglasses. Larry raised \$2,160 for veterans and kids fishing trips. Part of the proceeds will be donated to LARRC.

After a disappointing first day, we fished for 2 days near the Colnett Islands and caught near limits of Yellowtail. Mike, Larry, Donald and Phil all caught some nice yellows. Donald caught a really nice 30 plus lb. yellow near the end of our yellowtail stay. A total of 300 yellowtail were brought to gaff.

On the final day of fishing, we headed North into U.S. waters, and arrived at the 43 Spot between San Clemente and San Diego at 5 AM. About 50 boats were in the general area when we got there.

Captain Derek looked around until he found a nice school of Bluefin. I caught a 74 lb. and 148 lb. bluefin using a Shimano Flatfall jig. Most of the other anglers caught fish on a Chark Bait Slasher jig green or red. A few were caught on bait.

In the afternoon we saw thousands of big bluefin boiling, crashing and splashing. We stopped on that spot and several anglers were rewarded with big Bluefin over 100 lbs. The jackpot weighed 153 lbs. and was caught during this bite.

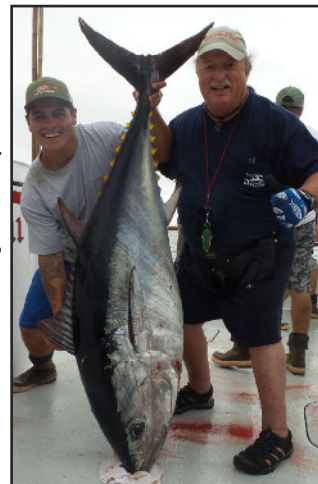

Kudos goes to Larry Brown, Captain Derek Waldman, and crewmembers Fernando, Nick,

Tom, and Nate for a great trip. Of course the food was outstanding beginning with Beef Wellington, ending with Prime Rib, with the best prepared Wahoo ever in between. Chefs Mike and RJ were responsible for these delectable meals.

There are still some open-

ings on next year's Red Rooster 5 day from August 20th to August 25th. Last year, the trip was totally booked by the end of September.

Please contact Larry Brown at larrybrownxx@gmail.com and/or the Red Rooster3 at office@redrooster3.com or (619) 224-3857 or LARRC Charter Captain Mike Hartt for more information. A \$500 deposit puts your name on the manifest. A 50% deposit guarantees your reservation and a tag/boarding number for the best still available stateroom and the best spots for your rods and tackle box, still available.

PACIFIC DAWN

AUGUST 8-9, 2016 LARRC CHARTER

Article by Chas Schoemaker and to a lesser extent, Mark Manculich

The LARRC anglers on the San Diego dock faced a decision. They had traveled to San Diego for a two day trip on the Pacific Dawn, equipped and anticipating a trip for yellowtail and school sized yellowfin tuna. The Dawn had just returned from an overnight trip. The count was four fish, all massive bluefin tuna. Two over 150 lbs, the other two hanging from the scales, each weighing over 200 pounds.

The dilemma: if we went for big fish, only one or two people could fish at a time and there might only be a limited number of fish for the boat. But they would be big ones.

Chartermaster Mark Manculich consulted with Captain Cavanaugh, conducted a seminar, had a look-see at the hanging tuna and opened the matter for discussion to the entire group. The vote was to go for glory.

The first day was spent flying a kite, trolling yummy flyers, with a two person rotation. For many, this was their first experience with flying a kite and found it extremely exciting. Heavy duty stand up gear was on board, so if the fish bit, the proper tackle was at the ready. Unfortunately, conditions had changed, and the big tuna were not cooperating. A greyhounding marlin got the adrenalin pumping at one point leaping over and over in the near distance.

To make matters even more frustrating, several small schools of quite respectable 40 to 50 pound size bluefin tuna were located. At one point the boat stopped on at school, soon thereafter to be surrounded by breaking bluefin tuna, none of which wanted to take a bait, flatfall, or anything else in the water.

The changed conditions made a move necessary. A long overnight 90 mile run put us in an area loaded with kelp paddies. As always, the trick was to find one with someone home and willing to play. The first several stops found scattered cooperating fish, resulting in a few yellowtail flopping on the deck.

A good kelp paddy was located with many cooperative fish, allowing everyone to join the party and tug on a fish. The final tally was 43 yellowtail, ranging from 12 to about 30 pounds. Throw in a couple Dorado and it was a nice day.

We had traveled so far we had an eight hour plus run to get back to the dock. This allowed for plenty of time to break down the gear, clean the equipment, and have conversations to reconnect with friends who had not been seen since last year's trip. We also had time for Cook Richie to prepare a delicious fresh yellowtail dinner.

Jackpot winners were Mike Godfrey and Chas Schoemaker. Uncle Sol and nephew (and past president) Joel Zide and father and son Mark and Montana Manculich spent a busy morning pulling on the yellowtail.

Fish Pics

Michael Godfrey: "For a guy who normally doesn't enter the jackpot, I won it with an estimated 28-30 lb yellowtail!! I guess one never knows!!"

Past President Joel Ziede and daughter showing off a nice bass at the Family Picnic.

Michael Dickter: Good results at Lake Sherwood. I had a terrific time with my son David, and two grandsons, Drew and Hayden. The boys fished off the dock next to the boat launch. Hayden ("B" on hat), caught a 1lb. 13 oz. large mouth Bass (weighed by Mark Manculich), and two Bluegill. Drew, ("LA" on hat), caught the same three combination of fish. All were photo/weighed/released. The lunch break was the best BBQ we can remember. Drew discovered he now loves Paul Varenchik's ribs!! Hayden left the balance of our night crawlers with Kevin Steinman, (Joel's grandson), who was his little league teammate. We hope they brought results! All of us miss the boat rides on the lake. Maybe next year.

Irish Divorce

The mother-in-law arrives home from shopping to find her son-in-law, Paddy in a steaming rage and hurriedly packing his suitcase.

"What happened Paddy?" she asks anxiously.

"What happened? I'll tell you what happened! I sent an email to my wife telling her I was coming home today from my fishing trip. I get home ... and guess what I found? Your daughter, my wife, Jean, naked with Joe Murphy in our marital bed! This is unforgivable! The end of our marriage. I'm done. I'm leaving forever!"

"Ah now, calm down, calm down Paddy!" says his mother-in-law. "There is something very odd going on here. Jean would never do such a thing! There must be a simple explanation. I'll go speak to her immediately and find out what happened."

Moments later, the mother-in-law comes back with a big smile.

"Paddy, there, I told you it must be a simple explanation....."

She never got your email!"
